

# Belcarra Barnacle

July/August 2018

Belcarra's Community Newspaper

Volume 39 Issue 6

Published ten times yearly by

## THE BELCARRA BARNACLE SOCIETY.

Our purpose is to inform and involve.

The Barnacle welcomes all contributions about our local community.

If you would like to submit an article to the Editor, please be advised that your name will be listed as the author.

We also reserve the right to edit for brevity, accuracy, clarity or taste.

Photos and original art will be returned if requested.

### HOW TO REACH US:

Put submissions in the Barnacle Box outside the Village Office.

Mail: The Belcarra Barnacle, 4084 Bedwell Bay Road, Belcarra, B.C. V3H 4P8.

E-Mail: [belcarrabarnacle@gmail.com](mailto:belcarrabarnacle@gmail.com)

### For Out of Town Delivery:

The Belcarra Barnacle is available for mail, for \$20.00 per year to cover mailing expenses. Please send cheque and mailing information.

DEADLINE: The 20th of each month.

### VOLUNTEERS:

Editor:

Michelle Montico 604 528 0659

## Words from the Editor:

Welcome to your Community Newspaper!

This month we are featuring Belcarra Day! We were unable to include all of the photographs submitted, so will share the group photograph and others in the September issue as we don't publish in August.

Thank you all for your continuing support of your local newspaper by sending us photographs and articles.

Please remember that the deadline for submissions is the 20th of the month!

Thanks to the residents who contribute, to the residents who proofread & to all residents who read the Barnacle!

Michelle Montico, Editor  
(604 528 0659)

## Belcarra Residents

The Belcarra Barnacle Society does not publish an issue in August and hope that all residents enjoy a great summer!

See you in September!

The Belcarra Barnacle Society asks that residents please keep an eye out for vandalism at the local bus stops and either advise us at the Barnacle or the RCMP.

## IMPORTANT DATES

July/August 2018

July 2nd	Canada Day!
July 7th	SVFD 40th Anniversary!
July 9th	Council Meeting @ 7.30pm
July 12th	New Moon
July 23rd	Council Meeting @ 7.30pm
July 27th	Full Moon
No scheduled council meetings in August.	
Aug 6th	Civic Holiday!
Aug 11th	New Moon
Aug 26th	Full Moon
Sept 3rd	Labour Day!
Sept 4th	Council Meeting @ 7.30pm
Sept 4th	Back to School!
Sept 9th	New Moon
Sept 16th	Potluck Picnic in the Park!

## COVER ART

Our front cover this month is a photograph submitted by Paula Carlsen who took the photo on June 12. The bear was in the bush at the side of the gravel road that goes to Farrer Cove. Paula was in her car. She stopped to take a picture and the bear stood up as she was taking the picture out the window of her car.

Our centre pages and back page feature photographs submitted by Bruce Drake, Corinna Goodman & Jennifer Glover.

Do send your favourite local photos and artwork to the Barnacle.

It is a pleasure to share them.

belcarrabarnacle@gmail.com

Mayor Ralph Drew

## MAYORS' REPORT

After 40 Years, It's Time To Retire!

Forty years ago, our community decided to pursue self-determination by incorporating as a village municipality. At the time, the residential subdivisions around Bedwell Bay and Belcarra Bay were being threatened by the expansion of 'Belcarra Regional Park' being pursued by the 'Greater Vancouver Regional District' (GVRD). The "pressure tactics" utilized by the GVRD at that time included withholding building permits from property owners and threats of expropriation by the district.

In response, the two property owners' associations of the day decided to jointly strike a committee to study the feasibility of incorporation and I was privileged to be chosen chair of that committee. Considerable work over the first half of 1979 culminated in the community's petition for an incorporation poll being granted by the province and that July 300 residents voted 96% in favour of incorporation. The Inaugural Council meeting for the 'Village of Belcarra' was held on August 27<sup>th</sup>, 1979, in the concession building on the Belcarra picnic grounds shoreline; a warm and sunny summer evening.

The rest, as they say, is history!

Today, the 'Village of Belcarra' has a population of 700 and has come a long way in forty years. Belcarra is fortunate to have had competent and forward-looking Councillors and staff over the years and is on a solid footing for the future. By continuing to pursue good asset management strategies coupled with long-term financial planning, Belcarra's sustainability will be assured. I am confident that Belcarra will continue to enjoy on-going success.

It's been an honour to have served my community for forty years, but it's time to retire.

Thank you for all of the support that you have given me over the years!

The Belcarra Barnacle has been granted a future interview with Mayor Ralph Drew in which we've received permission to put Resident questions to the retiring Mayor. The plan is to submit the questions and print the answers in a future issue.

Some questions we plan on asking are:

"What are you most proud of having achieved during your time as Mayor?"

"How would you like Belcarra to look in 5/10/20 years time?"

Any advice for the new Mayor?

Please submit your questions to [belcarrabarnacle@gmail.com](mailto:belcarrabarnacle@gmail.com)

As your representative in Victoria

## Fire & Water

Submitted by Bruce Drake

Following the massive two home fire on Turtlehead our Village has worked with our engineering consulting firm and SVFD to improve both the supply and usage of water to fight fires in Belcarra. Here are some of the results:

1 A higher refill setting on our Tatlow storage tank:

“ Fires are fought from storage “ and Belcarra’s Tatlow tank, when full, contains 207,000 litres of water. While this is twice the minimum required by the Fire Underwriters for a community such as Belcarra we all want to ensure as much water as possible is available.

Our Tatlow storage tank cycles constantly between that 207,000 litre maximum and a refill level at which new water begins to flow in until the tank fills again to its maximum. At the time of the Turtlehead fires that minimum refill position was mechanically set at 63% of a full tank (ie: at 130,400 litres).

Today the tank refill trigger can be remotely controlled via our SCADA system and it’s minimum level has been raised to 80% . This means at least 165,600 litres are in the Tatlow tank at its lowest level - up to 35,200 litres more than was formerly the case. As noted in an earlier column raising this minimum level carries a risk of reducing circulation and thus water quality. Staff are monitoring this closely and so far the adjustment has been successful.

2 Remote refill control:

Both our public works staff are SVFD volunteers and both are now capable of remotely triggering the refilling of Tatlow from their smartphones upon receiving a fire call. Assuming it takes about 10 minutes from a fire call until hoses actually begin to fight that fire and a refill rate from North Vancouver of 13 litres/sec that immediate refill signal alone can provide up to 7,800 extra litres of water.

3 Real time tank status. - To assist in onsite fire management our staff can now monitor the Tatlow reservoir water level in real time. In addition the SVFD chief and his two district chiefs receive smart phone notifications when the Tatlow reserve is close to 50 % and again at 20 %.

4 Co-ordination with the District of North Vancouver:

Our protocol now involves the immediate notification of DNV’s supervisor and Control Room whenever a firefighting event occurs in Belcarra. During the Turtlehead fires North Vancouver’s system was significantly impacted by the ongoing drain of water. Ancillary pumps activated as water pressure began to fall in that portion of the District’s network that supplies Belcarra. With early notice DNV staff will be able to act preemptively to ensure system pressure is maintained protecting both their municipality and our own.

Continued on Page 7

### 5 New portable pumps:

Given the steep lots for many waterfront homes it is not surprising that what may be a single floor facing the roadway and fire trucks is often two, three or more stories facing the ocean. This was the case with both homes involved in the Turtlehead fires.

A key step in SVFD's success against this massive blaze was the maneuvering of a relatively large portable pump by four firefighters down stairways to the ocean and then its use to soak the front of the burning homes with sea water. Access, even with stairs, was far from easy however.

Following the fire Belcarra followed up on Doug Bakker's suggestion that SVFD could benefit from having lighter portable pumps a single firefighter could manage. Belcarra consulted with SVFD as to which unit would be most useful and then funded a pair. Now any fire near the ocean, a stream or even a swimming pool can be attacked more quickly than before.

VILLAGE OF BELCARRA -  
MINUTES OF COUNCIL MEETINGS  
2018

Extracted from council minutes by Clive Evans

ITEMS OF NOTE

22<sup>nd</sup> May

BYLAWS – The following Bylaws were adopted:

- 1.Village of Belcarra Traffic and Parking Regulation Bylaw No. 518, 2018
- 2.Village of Belcarra Regulatory Bylaw Enforcement and Penalty Amending Bylaw No. 519, 2018
- 3.Village of Belcarra Bylaw Notice Enforcement Bylaw No. 520, 2018
- 4.Village of Belcarra Building and Plumbing Code Regulation Bylaw No. 355, 2003 Amendment Bylaw No. 521, 2018

18<sup>th</sup> June

ACTION

Belcarra Barnacle Society, dated May 25, 2018 regarding 2018 Community Grant Request

Recommendation:

That the Belcarra Barnacle Society 2018 request for a Grant in the amount of \$1,500.00 be approved.

See the Village website for full information and links to reports. [www.belcarra.ca](http://www.belcarra.ca)

Be sure to acquaint yourself with the newly adopted bylaws.

Anniversary party for Keith and Judy Evans.

Submitted by Dr. L.E. Burton

The day might have been a little chilly and wet but the party was very warm and sunny. 60-65 people attended the celebration on Sugar Mountain Way from 3:00 until 9:00 on Saturday June 30th. Keith and Judy together have been married 100 years. In this time they have collectively contributed 74 years of volunteer service to the SVFD.

See Page 9 for more photographs.

**VILLAGE OF BELCARRA**  
**New Parking Bylaw Information**  
**& Resident Parking Permits**

A 'Public Information Session' was held on June 7, 2018, at the Village Hall to provide an update to residents on the new 'Parking Enforcement Program' and new 'Bylaw Dispute Adjudication System' being implemented by the Village.

Village staff are pleased to advise that residents may now complete the 'Residential Parking Permit Application' form and receive the new 'Residential Parking Permit' (decal) for their vehicles. Application forms are available at the Village Office and on the Belcarra website [www.belcarra.ca](http://www.belcarra.ca)

A temporary, part-time 'Bylaw Enforcement Officer' has been hired for the summer to work on weekends and statutory holidays. Jas Waraich will begin work on the July long weekend and will work from the 'Waste and Recycle Depot' trailer. The role of the 'Bylaw Enforcement Officer' is to work with residents and visitors to assist with streamlining parking in the Village while ensuring that parking meets the requirements of the bylaws. One very important part of bylaw enforcement is to ensure the safety of Belcarra residents and everyone using Belcarra streets which includes pedestrians, cyclists and motorists.

To begin implementation of the program, a "soft" approach is being taken which means that, initially, warning tickets will be issued to ensure that everyone has the opportunity to learn of the new 'Parking Enforcement Program'.

The new 'Bylaw Enforcement System' being introduced by Belcarra is currently being utilized in over 50 British Columbia municipalities.

For more information on 'Residential Parking Permits' and the new 'Bylaw Enforcement System' contact:

- Belcarra Village Office  
Phone: 604-937-4100  
Email: [admin@belcarra.ca](mailto:admin@belcarra.ca)

Please feel free to provide Council with feedback as the new program is implemented.

All related bylaws are available on the Village website at: [www.belcarra.ca](http://www.belcarra.ca)

**VILLAGE OF BELCARRA**  
**Residential Parking Permit Application**

**PURPOSE OF RESIDENTIAL PARKING PERMITS**

The Residential Parking Permit provides a long-term solution to the issues associated with transient parking occurring in residential neighbourhoods and close to high use parking areas. The Residential Parking Permit is not a guarantee that a resident will be able to park in front of their residence, but does provide the resident with an opportunity to park for a longer period of time in a time-limited parking restriction area.

**Criteria for Residential Parking Permits****Section 30 of Traffic and Parking Regulation Bylaw 518, 2018**

- Permits are available to residents and those who have on-street parking affected by parking restrictions.
- Only vehicles driven on a daily basis are eligible for a Residential Permit.  
(Boats, RVs, ATVs, trailers and stored vehicles, etc. are not eligible for a Residential Permit).
- No vehicle of a resident may remain parked on any street for a continuous period exceeding 72 hours. Residential Permits do not exempt vehicles from any section of the Traffic Bylaw, with the exception of any section dealing with overtime parking.
- Permits are available in cases where a property was developed without onsite parking. (For example, where a resident cannot park on their property due to physical restrictions to access the property).
- All exemptions are subject to review and revocation at any time without notice. The total number of permits issued per resident may not exceed two (2) as per section 30 (f) iii) of the Traffic and Parking Regulation Bylaw No. 518, 2018.

CRAB CORNER  
Submitted by Dave Warren  
COMMUNITY  
VOLUNTEERISM AND  
SPIRIT

It is my pleasure as a CRAB director to assist the Belcarra Day team to plan, organize and execute the annual event. I am overwhelmed with the volunteerism Belcarrians offer for the benefit of the community. Many folks contribute their time, effort, resources and expertise to make the event happen as well as other Belcarra and CRAB venues. The list is too long to acknowledge everyone in this brief space. I am sure those participants/consumers who enjoyed the pony rides, petting zoo, bouncy castle,

Thomas the Train, local artist display and hot dogs are very thankful for every volunteer's contribution. Besides village socials, volunteerism is constantly demonstrated by dedicated members of SVFD and its financial supporters.

Once again the Ngobi family has expressed their community spirit by generously donating their 50/50 draw winnings to SVFD for acquiring emergency supplies. Although they had previously supported the fire department they did not hesitate to give their winnings from the 50/50 draw to SVFD. They were content to take home some raffle prizes that were donated by local merchants.

PORT MOODY - COQUITLAM, ANMORE & BELCARRA

## Belcarra BlockWatch

Submitted by Diana Drake and Carol Drew

Belcarra's narrow roads are very busy with cyclists these days and will continue to be so throughout the summer. Village residents need to be extra vigilant as they share the lanes, especially in the crowded conditions around Sasamat Lake.

An average of six cyclists are injured every day in summer here in B.C. One in fourteen car crashes involving bicycles is a result of dooring - (opening parked car doors without checking to see if a cyclist is passing.)

### Tips for drivers:

- watch your speed in the Village (at the most 50kph and in many areas 30kph) particularly now that there are so many more visitors to the Park.
- approach cyclists with caution - let them know you are there and pass only when there is room to spare. Allow at least one metre between the car and bicycle.
- slow down in the cluttered roadside parking conditions around White Pine where cyclists mix in with pedestrians and their beach gear.
- be cautious when exiting a parked vehicle - check mirrors and blind spots.

### For Cyclists:

- make visual contact with other road users whenever possible.
- be particularly cautious near intersections where most car/cyclist accidents occur (4/5)
- ride at least a metre away from parked vehicles.

- for night riding, bicycle should have white headlight and rear red reflector, both visible at 100 metres. Cyclists should wear reflective clothing.

- wear an approved helmet that meets safety standards

- do not use mobile devices or head phones while cycling - be alert to your surroundings at all times.

Coquitlam RCMP Community Police Stations, ICC and HUB are hosting an Urban Cycling Safety Session: Monday, July 9th, 6:00pm - 8:00pm at The Outlet, [2248-2250 McAllister Avenue, Port Coquitlam](https://www.2248-2250McAllisterAvenue.com). The event is free, but they are asking that people register at: [portcoquitlam.ca/cp](http://portcoquitlam.ca/cp)

## Stories From The Archives — Mountaineering Club Names A Peak

Source: Vancouver Daily World, Wednesday, July 15<sup>th</sup>,  
1908, page 10.

Researched by Ralph Drew, Belcarra, BC, June 2018.

The V.A.C. [Vancouver Athletic Club] Mountaineering Club had the most successful outing of the year at Indian River Saturday and Sunday, returning Monday.

The party consisted of twenty club members and their friends, under the direction of Mr. J. J. Trorey, president of the club. The club had a delightful time on Saturday afternoon and evening. Swimming, fishing and boating occupied the attention of many, while others explored the nooks and crevices of beautiful Indian River Park, where Mr. and Mrs. B. F. Dickens entertained the whole party. In fact, it was largely due to their kindness and hospitality that made the trip to be so enjoyable.

In the evening Mr. F. T. Schooley invited the entire party for a moonlight sail on his finely appointed yacht, 'Dawendeena'. This was the most enjoyable event of the day and served to stimulate the different ones for their arduous work of the morrow.

Early Sunday morning — very early it seemed to the sleepy mountaineers — Mr. Trorey aroused the entire party. Not without some difficulty, thought, as 4 o'clock in the morning is not the usual time for most of them to make an appearance. After a hasty breakfast, the start for the mountain was made. Headed by Mr. Trorey and a Japanese guide, who was immediately named 'Togo', for brevity's sake, the real purpose of the trip was under way, namely, to officially unfurl the British flag on the high peak and christen the mountain with the name it will be hereafter known by. Mr. Dickens, who controls all this property [Indian River Park], including this rugged mountain, had invited the V.A.C. Mountaineering Club to do this.

The first 700 or 800 feet was fairly easy, the trail being along an old logging path. From here the real work began. The leaders had to blaze their own trail, and as the way became harder and more difficult the rest periods became more numerous. From an elevation of about 1,500 feet it

was necessary for the party to continually assist each other. Several times it was found advisable to retrace the steps and pick out a more accessible path. The mountain seemed to abound in high canyons and barren rocky places, which were impossible to surmount.

The last thousand feet of the climb was a fright. It certainly was a climb in every sense of the word. Some of the party who have mastered Crown mountain said the going here was every bit as hard, if not more so. When the peak was finally won a long deep sigh of gratitude escaped involuntary from all. That peak was the most welcome sight seen in many a day. After a brief rest, the important event of the day was started. Mr. James Glover volunteered to climb a tall tree right on the edge of the mountain and make a place to fly the red ensign. This was a ticklish position to be in. With the trees swaying violently and a straight drop below for thousands of feet, his work of cutting away the branches and securing the flag was a serious undertaking. After this, he and Mr. Trorey mounted a stump, the rest of the party grouped themselves around, and the flood of eloquence was let loose. With a bottle of champagne held aloft. Mr. Trorey christened the mountain with the following words: "In the name of Benjamin Franklin Dickens, of the governor-general of His Majesty King Edward VII, I christen thee Mount Dickens." Amid cheers and handclapping a very pleasing response was made by Master Charles Dickens, who represented his father.

After the customary pictures had been taken and more cheers had been given, the descent was begun. Right here was where the real trouble of the day began to assert itself. For 1,000 feet the trail was followed, and then something happened. The trail was lost, and so were the trailers. For some time, the party had a hard time making any headway at all. For a while there seemed to be only one way to get down, and that was to fall down. Somehow none seemed to care for that route. The members can truthfully say that they experienced every kind of mountain climbing. Loud murmurs of sleeping on the mountain all night were heard, but finally the trail was found and the bottom was reached.

Continued on Page 15

It was a tired, sleepy, lifeless party of climbers at 9 o'clock, when camp was reached. Just fourteen hours of hard, vigorous work, a swim, supper, and to bed, ended the most strenuous day some had ever had. Monday morning the return to Vancouver was made. The club are loud in their praises of Mr. and Mrs. Dickens for their great kindness in throwing open their great kindness in throwing open their beautiful Indian River Park for their use. It was a fine trip, to a lovely spot, under the most favorable circumstances. What more need be said?

The following members composed the party: J.J. Trorey, W.P. Bradley, T. Lyttelton, J. Hewton, J. King, J. Glover, C. Dickens, E. Shaw, J. Morris, T. Jones, J. Gillespie, S. Reekie, J. Burns, 'Togo' (a Japanese), and the Misses Bell.

## VILLAGE NEWS

### BARNACLE TRAVELS!

The Belcarra Barnacle invites you to take your local newspaper with you when you travel, send us a photograph of yourself holding a copy of The Belcarra Barnacle we'll publish your photograph & donate \$25 to the Sasamat Volunteer Fire Department!

Submitted by Bonni Marshall,  
taken at Lake Country, B.C.  
\$25 will be donated to SVFD.

### THANK YOU

Submitted by Louise Ruzycki

The Ruzycki family wish to express our sincere and heartfelt thanks to the Fireman, Paramedics and Doctor Mike Mostrenko who attended to Paul when he suffered a stroke on Friday, May 25th at 7:00 AM. Also the kindness shown Louise at this difficult time was greatly appreciated.

We also want to thank all the members in our community who reached out to us with their concern, support and kind wishes. Paul is back home recovering well and according to his Doctor, should live to 100!

Paul, Louise, David, Janet  
and Lola

## Some Thoughts on Parking

By Jo Ledingham

"Build it and they will come." That's what W.P. Kinsella wrote in his novel "Shoeless Joe."

A perfect example of this maxim is right in our own backyard: Sasamat Lake. Once a pristine lake called Deer Lake, it was renamed, sand was trucked in and a parking lot built. Soon the parking lot overflowed and there were cars parked up and down the road. More parking was put in; soon that overflowed and there were cars parked up and down the road. On sunny Saturdays and Sundays in the summer, cars are now parked along both sides of Bedwell Bay Road, a kilometre away from the lake's grassy picnic area.

Metro Vancouver Regional Parks' recently approved "Proposed Design Concept" for Belcarra South will be the next fiasco. It includes widening the little access road into Belcarra South and putting in four parking lots for sixty cars. In no time, that will not be enough; the overflow from White Pine Beach will be here and there will still be cars parked up and down Tum-tumay-whueton Drive and Bedwell Bay Road.

The Belcarra South access road goes back to the days of the Bole family; it was known as "Kathleen's Road", named for Kathleen Bole, Percy Bole's wife. It is fringed with salmonberries and huckleberries that provide a feast for songbirds, bears and Park visitors, too.

There is a small wetland behind the most northerly of the cottages; frogs sing there nightly in the early spring. There are owls. And although Metro Van says the parking will go underneath the "already disturbed" Hydro line, take a look: there will be mature evergreens and vine maples that will have to be removed as well as the lush understory. The land under the Hydro lines was "disturbed" decades ago and the forest has grown back in.

When will Metro Vancouver Regional Parks take the lead on traffic? There are creative solutions waiting to be tried, including park and ride. School parking lots sit empty every weekend all summer long; there is a huge, unused parking lot adjacent to Rona; and Port Moody Central Skytrain Station parking lot is almost empty on weekends. Why destroy the forest when parking lots sit empty?

On the June 23/24 and again on the July Long Weekend, the Evangelical Layman's Church (ELC) ran a free shuttle bus from the old school at 1st and Ioco Road into the old Camp Howdy site for the Tea Festival. If ELC can do it, why can't Metro Van? Why can't Translink get on the bandwagon to provide extra service on the weekends in the summer months. What are all those yellow school buses doing once school is out? I saw a 'Community Shuttle Bus' yesterday; how does that work? A ferry service could bring Park visitors from Cates Park and Rocky Point; coming to Belcarra by ferry would be so much fun!

Continued on Page 21

Suggestions for a more creative approach to the Park's summer weekend parking woes fell on deaf ears at a recent Metro Vancouver Regional District Board meeting. At the very least, before tearing into the forest to provide more parking, why not try something else first? Run a pilot project. Try an interim solution to see if it's viable.

"Pave Paradise and put up a parking lot." Joni Mitchell got it right. Our mayor sits on the Metro Vancouver Board; if you feel the way I do and would like to see some innovative solutions, let him know: [redrew@shaw.ca](mailto:redrew@shaw.ca). Ask him to take it to the Board. Send a copy to Port Moody Mayor Mike Clay: [mclay@portmoody.ca](mailto:mclay@portmoody.ca). Unless there is a paradigm shift in the thinking of the planners at Metro Vancouver Regional Parks, four more parking lots will just be the beginning.

## Belcarra Wildlife

Submitted by Liisa Wilder

Conservation Officer Services 24/7 hotline:

1-877-952-7277 OR cellular dial #7277

<https://www2.gov.bc.ca/gov/content/environment/plants-animals-ecosystems/wildlife/human-wildlife-conflict/report-human-wildlife-conflict>

There has been a rush on phone calls and emails reporting recent cougar sightings that are happening usually between 10 pm to after midnight. We believe they may be the same 2 reported that are roaming the village, reported from Bedwell Bay @ Midden Roads; Marine Avenue @ West Road; and in the 3700 block of Main Avenue. One sighting had the two sitting in a carport and agitating the neighbours dogs. The large male looks to be over 200lbs with the other slightly smaller. The cats are obviously doing their mating rituals which is the horrendous screeching you may be hearing. There is a big concern that these cats are being habituated in the neighbourhood. It was reported and confirmed by COS, that a Belcarra resident's pet dog was killed in its' yard. Our sincerest condolences to the owners in losing a precious member of their family.

We live between the forest and the sea and we have to share this great village with these wild animals. It's our job to do our due diligence to mitigate any damages to the wildlife (bears or cougars) and to your pets.

Yes, report to COS the presence of wildlife that appear to be habituating or offending, but unless there is an attack, fatal or otherwise, and/or if the pet owner doesn't wish to disclose, know that COS will not respond as they would not destroy an animal that may or may not have been the offending attacker.

I've attached the link to the Wild Safe BC and COS site which has very informational material. Please, as said, educate yourselves about the wildlife in our area.

The bears have recently been spotted at WARD rummaging through the refundables and trying to get into the compost, and wandering at the entrance to the village. Last summer they were seen at White Pine Beach and in the trails.

Walk your animals on a lead; never let them off leash. Keep garbage and food contained. Cougars are sneaky; they stalk and can jump a 6 foot fence with ease. Know that where there are deer, there are cougars. This isn't just about cougars, but about the bears, coyotes and other wildlife. Let us educate ourselves so we can co-habit peacefully - this is our greatest tool.

With sympathies to the owners in the loss of their beloved pet.

## Sasamat Volunteer Fire Department July News

### 40th Anniversary Community Celebration – Saturday, July 7th @ Spirit Park:

We are getting very excited about our Department's 40th anniversary celebration on July 7th. It promises to be a great party. Entrance is free and open to all. No reservations required – just come on by.

Our crew has a great program lined up. It'll kick off with the much-anticipated *Fire Dept. vs. Kids' water fight* (we've been training hard to get ready), then we are going to move on to a *Kids vs. Firefighter Tug-of-War battle*.

They will next be invited to participate in our gruelling *Firefighter Challenge Relay*. Free ice cream follows for all children and there will be face painting, a giant bouncy castle and an inflatable Twister game.

For the adults, there will be food trucks, some great door prizes, a beer/wine garden, a bonfire, the band Rev will be playing live from 7pm to 11pm, and there will be a few extra special surprises. The RCMP, Coquitlam SAR and our friends in emergency response will be there as well.

Thanks in advance goes out to Anmore-owned Houle Entertainment, Moody Ales, and Galactic Entertainment for their generous donations to our event. This evening promises to be a lot of fun!

### Ravenswood Closure & Parking on July 7th:

Please be advised that Ravenswood access will be closed from 2:00 pm to Midnight on Saturday, July 7th (residents will be asked to use Hemlock instead). There will be a drop-off area for people letting guests out and a limited number of parking spots at the site. We're doing our best to encourage those who can walk to the event to do so. Our guests from outside Anmore will be directed to the elementary school for parking. Thanks in advance for everyone's patience and understanding for this one-day event.

**Belcarra Garage Fire:** Several weeks ago, the SVFD responded to a garage fire in Belcarra. Thanks to a quick 911 call by the owner and a great response by our crews, the fire was extinguished before it caused major damage. It was a very good outcome – even the sports car inside was saved and the owner drove it by the following Wednesday to thank us. This fire was yet another reminder how a quick 911 call can make all the difference in the world. Seconds do matter. Please call 911 right away if you need us.

Sincerely,  
Jay Sharpe (*Fire Chief*)  
Dave Gregory (*Dist. Chief Anmore*)  
Jol Drake (*Dist. Chief Belcarra*)

## CRAB Corner for July/August 2018 Barnacle

Submitted by Liisa Wilder & Dave Warren

On the evening of 9<sup>th</sup> June, CRAB in partnership with Lisa Bakx of RE/MAX All Points Port Moody, hosted the gala event of the season as the village hall was transformed into a tavern and the parking lot occupied by a pizzeria including a patio. 85 patrons enjoyed a variety of wood fired pizzas crafted by Farm to Forno Pizza Co. with their specially outfitted antique truck. Weren't those pizzas amazing?! CRAB also provided salads and desserts to those who had desire and room to consume another morsel. An abundance of thanks is extended to Emma Callaghan's parents, Mike and Beverley, who dialed it up a notch and worked hard in the kitchen preparing the exotic Caesar salad and organic spring greens mix (and they don't even live in the village!). There was certainly no shortage of food, and beverages flowed in abundance. It appears Lindeman's Australian Shiraz became the drink of choice followed by refreshing Coors Light.

Entertainment included dancing highlighted by Carolina teaching others the Brazilian rendition of the salsa. Of equal amusement was eyeing the different postures of folks participating in the Tweek Toss. What a competitive crowd with the likes of Sure Shot Charley, Baby Wes and 2-Time Sandra all tossing for a chance to win bottles generously contributed by the Belichs, Chisholms, Struks and Coast Forklift. A whopping \$620 was tossed which was used for a 50/50 draw. Steve Bakx was the winner of the Baileys and Natalia Wright went home with the Bombay Sapphire Gin.

Wes Beeston won the luck lottery winner and then charitably donated his share of \$310 to CRAB ~ thank you Wes!

The usual CRAB team of volunteers outdid themselves planning, setting up and conducting the evening. As the old saying goes "many hands make light work" as was demonstrated by the patrons who helped put away tables and chairs and assisted with clean up ~ a huge thank you to all who pitched in!

And I want to take a moment and give a huge shout out and thanks to Lisa Bakx of RE/MAX All Points Port Moody who was a major sponsor of the event. She is quite the organizer and was the instigator in not only securing the Farm to Forno pizza truck but also getting Henry's Outdoor BBQ chicken for the last fall pub night. When you see her, please thank her in person for bringing such great changes to our pub nights 😊

CRAB's next planned event is the 3<sup>rd</sup> Annual Potluck Picnic in the park on Sunday, September 16 from 11:00 am - 3:00 pm. Even # houses bring an appetizer or entrée; odd # houses bring a salad or dessert. What has become an annual event is now one the highlights of the year and not to be missed. It is an opportunity to meet new residents, share stories and wonderful food with friends and neighbours before winter hibernation.

The coveted Belcarra Resident Directory has finally been printed and is available to all paid CRAB members. You can renew or join by paying the \$30 annual family fee to CRAB, c/o the Village Hall or email [crab4084@gmail.com](mailto:crab4084@gmail.com) for further information.

## Belcarra Blessings

Deborah Struk

'Enjoy living in Belcarra; paradise this side of paradise'

HAPPY CANADA DAY!

Well, does it feel like more than half the year is done? Eep. The one thing I absolutely do not like is, now the days are getting shorter! Already! Oy vey! Guess a visit to the Land of the Midnight Sun, might have me just thankful we do have night. Thankfully, an eye mask works great for me when it is bright out.

The June Pub night truly was a great success. Thankfully the weather was cooperating and people could visit outside. Wasn't that pizza divine? Yum! I hear a great time was had by all. Belcarra Day, once again, was a huge success. Liisa Wilder put together an 'amazing' resident directory for current CRAB members and we distributed ALL the copies we had, second print coming out soon. Corinna Goodman, once again, climbed that ladder to take an amazing community photo.

Many residents have been blessed with sightings of many wild creatures in the Village. Sadly, there has been a fatal cougar attack of a beloved medium sized dog in a home near the park.

This cougar was also seen in a carport on Main Ave. Also, a bobcat is staying pretty close in the Coombes/WhiskeyCove area. Hope some photos are submitted. Jim Chisholm spotted a cougar midday walking over the berm and up his driveway. Residents need to exercise caution. Lots of bears, birds and other amazing critters abound this month in Belcarra. The hummingbirds have been entertaining and I am delighted to see so many bees this year! Oh how beautiful Belcarra is! Remember be mindful, respect the animals, they are unpredictable. Enjoy from a distance, stay safe and make noise.

Last month I came across an interesting article in the Bowen Island Undercurrent written by Chantal Eustace called, Taking a Bath in the Woods.

This story certainly touched my soul and I am sure it will touch yours as well. Forest bathing, or in Japanese, shrinyin-yoku, or 'taking in the forest atmosphere', is something many of us do, and are blessed to do on a daily basis living in Belcarra. Apparently, it boosts your immune system, reduces stress and increases creativity. There is an amen here to that. Firsthand I know it does those things for me. If you look on Instagram #forestbathing you will find how popular it is, and no, it is NOT bathing in the nude or in water. Enjoy the article, be blessed and go do some shrinyin-yoku.

<http://bowenislandundercurrent.com/opinion/taking-a-bath-in-the-woods-sort-of-1.23272403>

Have a blessed summer in our paradise this side of paradise.

## Kid's Space

### Cougars

submitted by Liisa Wilder

Sometimes called ghost-cats, are quiet animals capable of creeping up on their prey without a sound. But they do hiss, purr and growl and make a variety of other noises. ... Cougars also scream when sick, desperate or in heat. The latter is a nerve-wracking shriek that sounds like a woman being murdered.

**BEAR AWARE!**

Submitted by Liisa Wilder

This bear was sighted early yesterday afternoon in a resident's yard in the 3400 block of Main Avenue. He snatched a worker's lunch box, headed into the woods with it, had lunch then came back into their driveway, seemingly looking for more food. He was last seen heading up towards the top of Main (dead end).

A reminder that if you have workers on your property to let them know we have bears in our neighbourhood and caution them about keeping their food either locked in their car, or better yet, in your fridge until lunch time. In this case, the workers were warned, but didn't heed the advice of the owner.

Keep yourself and the bears safe ~ do not let the bears become habituated.

<https://wildsafebc.com/black-bear/>

**COUGARS!**

Submitted by Rita Kecskes

Photos of one of the two big cats who were prowling around the village last week and scaring everyone with their amorous howling! The photos were taken by our neighbour, Vladimir Krotkiy, who said they saw him (or her) right outside their house on Bedwell Bay Road, and when they tried to scare it away, it walked part-way down their driveway and then just sat down and posed for the camera. Obviously not too concerned!

The same afternoon, I had been picking red currants in our garden, not far from that very spot – Yikes! However, we have seen several deer browsing there during the past week, so I'm thinking (hoping!) the cougars have now moved on.

## DOWN BY THE BAY

Submitted by Clive Evans

What have you seen in your garden lately?

We sit in the garden and hear the buzzing of the bees and see the big green trees and are sure we will see the big rock candy store at Belcarra's Day.

There is a profusion of colours and forms all being very actively pollinated by swarms of bees. After so many reports of decline in the bee population it is indeed heartening to hear the buzzing once again. Of course there are other pollinators very busy in the garden and we are fascinated by the humming birds busy at the Honeysuckle and Irises. These little guys also provide much amusement in their constant territorial battles.

You hear that roses are red but in our garden Madame Alfred Carrier is a prolific white climber and in temporary respite but a beautiful pink standard rose that we received as a hairless root some 30 years ago is a sight to behold. The pink peonies are still showing and for once no damage by rain as soon as they appear. Throughout the flower beds and beyond are a glorious show of Canterbury Bells, clumps of Pinks, strings of yellow Loosestrife and Astroemeria, yet more yellow St. John's Wort just coming into its own.

The amazing Kíwí fruit vine leaves have changed from green to white and now into pink. Sorry no fruit though. Foxgloves are dotted here and there and the buds on the Day Lilies are about to reveal their colours.

The reported presence of Cougars in the Village is a bit frightening but I would appreciate a night stroll by one of them around my yard just to warn of the deer that keep tramping across my freshly seeded vegetable beds. Maybe Professor John can enlighten me but watching the flight of various birds I was fascinated to see a Robin going at great speed suddenly perform an abrupt right hand turn. Doesn't that create an enormous G force that could make them temporarily dizzy? I recall as a young Air Cadet enjoying a flight in a jet trainer when the pilot made a sharp turn and then looked over to me and said "You can close your mouth now kid."
