

Help us get our seniors immunized against COVID-19

This March, seniors 80 years of age and older, Indigenous individuals 65 years of age and older and Indigenous Elders can book appointments for their free COVID-19 vaccine.

We highly recommend eligible residents use the online booking tool. Anyone able to book online or help someone eligible book online will help to decrease call volumes at our call centres. You can use the 24/7 online booking tool to check for the earliest appointment and same day appointments may be available.

You can find more information about how to book, timelines and current eligibility at <https://fraserhealth.ca/vaccine>.

Please help us distribute these posters amongst your networks so our seniors know they are eligible to book.

Click each poster below to open as a separate, high-res PDF.

Help us get our seniors immunized against COVID-19
