Council and staff,

(Written submission as I may be unable to attend Zoom)

I am writing to show my support for allowing Short Term Rentals and Bed and Breakfast in our beautiful village.

The guidelines set out will help it to continue to run as it should.

Over the years we have had residents very responsibly and successfully run such rentals. We live in a gem of a community and it is lovely to share.

I look forward to seeing this go through, hopefully without an expensive consultant bill as with the chicken by law.

Sincerely,

Mrs. Deborah Struk
