SCHEDULE A

BUILDING PERMIT OWNER’S ACKNOWLEDGEMENT OF RESPONSIBILITY

1. I acknowledge that if I am granted a building permit pursuant to this application that I am responsible for compliance with the current edition of the British Columbia Building Code, this Bylaw and any other applicable enactment, code regulation or standard relating to the work in respect of which the permit is issued, whether or not the said work is undertaken by me or by those whom I may retain or employ to provide design and/or construction services.
2. I acknowledge that neither the issuance of a permit under this bylaw, the acceptance nor review of plans, specifications, drawings or supporting documents, nor inspections made by or on behalf of the Village of Belcarra constitute a representation, warranty, assurance or statement that the current edition of the British Columbia Building Code, the Building bylaws of Village of Belcarra or any other applicable enactment, code, regulation or standard has been complied with.
3. Where the Village of Belcarra requires that Letters of Assurance be provided by a Registered professional pursuant to Section 9 of the Village of Belcarra Bylaw #355-2003, I confirm that I have been advised in writing by the Village of Belcarra that it relied exclusively on the Letter of Assurance of the “Professional Design and Commitment for Field Review” prepared by _____ in reviewing the plans, drawings specifications and supporting documents submitted for a building permit.
4. I confirm that I have relied only on the said Registered Professional for the adequacy of plans, drawings, specifications and supporting documents submitted with this application.
5. Where the Village of Belcarra requires that **proof of compliance** with the **Sewerage System Regulation** be provided pursuant to sections 73(5) and 79(11) of the Village of Belcarra Building and Plumbing Code Regulation Bylaw No. 355, 2003, I confirm I have been advised in writing that it relied exclusively on the filing number provided by the health authority as a result of an authorized person filing documents in compliance with section 8 of the **Sewerage System Regulation**, and that it has not inquired as to the adequacy of the sewerage system.
6. I confirm that I have relied only on the authorized person who filed documents pursuant to section 8 of the **Sewerage System Regulation** for assurances regarding the adequacy of the sewerage system.
7. I understand that I should seek independent legal advice in respect of the responsibilities I am assuming upon the granting of a building permit by the Village of Belcarra.

**PROOF OF POTABLE WATER
SCHEDULE L**

The British Columbia *Building Code* states “every *dwelling unit* shall be supplied with *potable water*”. The plumbing Code defines potable as “safe for human consumption”. The Ministry of Health has adopted the Canadian Drinking Water Guidelines and amendments thereto, as the standard, which must be met when water is tested to determine potability for domestic purposes. The Safe Drinking Water Regulation, a regulation under the Health Act, sets out parameters for water potability requirements and disinfection requirements of surface water. It is a condition of the *building permit* and an *occupancy permit* that the *owner* supply proof of *potable water* in accordance with this bylaw.

Water must be both sampled and tested by an accredited laboratory approved under the Safe Drinking Water Regulation. The laboratory must provide proof of accreditation, as well as the sample results and written confirmation that the water was both sampled and tested by the laboratory.

The minimum specific health-related parameters for which water supplies must be tested are:

PARAMETER	MAXIMUM CONCENTRATION
Arsenic	0.010 mg/L
Barium	1.0 mg/L
Boron	5.0 mg/L
Chromium	0.05 mg/L
Fluoride, dissolved	1.5 mg/L
Lead	0.01 mg/L
Nitrogen : Nitrate	10.0 mg/L
Nitrogen : Nitrite	1.0 mg/L
Coliform, E. Coli	<1 per 100 ml
Coliform, Total	<1 per 100 ml

(Amended as per Bylaw 437, 2011)

The above list is considered a minimum, owner’s may choose to satisfy additional test parameters.+

Water tests must not be dated more than 180 days before the date of issuance of a *Building Permit* or *Occupancy Permit*.

SCHEDULE M

VILLAGE OF BELCARRA
TRAFFIC MANAGEMENT PLAN
APPLICATION FORM

PART A - INTRODUCTION

What it is: A Traffic Management Plan (TMP), which is a requirement outlined in the Village of Belcarra (VOB) Building and Plumbing Bylaw No, 355, 2003 Amendment Bylaw No. 521, 2018 has been developed with the objective of minimizing local traffic disruption, mitigating impact to neighboring properties, and addressing safety concerns which may arise as a result of construction traffic and parking associated with an active building permit.

When Does It Apply: A Traffic Management Plan (TMP) is mandatory for all new homes or renovation having a value exceeding \$250,000.

Requirements: The contractor, their staff, and sub-contractors are subject to the above noted bylaw at all times. It is the responsibility of the contractor to have the TMP posted on site and available if requested at any time by Village staff during the construction process at any time.

PART C – TRAFFIC MANAGEMENT PLAN DETAILS

1. Parking: The objective of the Village is to maximize on-site parking (particularly existing driveways) and minimize off-site parking. Please evaluate parking requirements anticipated during construction, and

- (i) Estimate the number of required parking spaces at the PEAK trades period _____ parking spots.
- (ii) Create and attach a plan map (8.5 x 11) showing locations of these proposed on-site (if any) parking spots. Please note that proposed off-site spots must adhere to the VOB Traffic and Parking Bylaw No. 518, 2018 at all times. In particular, do not propose spots:
 - Where vehicles will overhang/occupy road space, particularly on bus routes
 - On or over sidewalks, bike lanes, ditches, or at the end of cul-de-sacs, or designated turn-around
 - That conflict with existing Village shrubs, bushes, and tree/root systems (protection shall be provided as per instructions of the Superintendent of Public Works)
 - Within certain distances of intersections, stop signs, hydrants, bus stops, etc. (see VOB Traffic and Parking Bylaw No. 518, 2018). If you propose placing parking spots on shoulders in front of neighbours' homes, the Village suggests that you make arrangement with those neighbours to minimize potential conflict (these areas are typically subject to a 6 hour maximum parking period, or by permit only). Please refer to the VOB Traffic and Parking Bylaw No. 518, 2018 for additional clarification.

2. Road/Lane Closure: Please check one of the following options:

- Road closure will be less than ten minutes.
- Road closures will be over ten minutes. The Contractor will make application to the Village for any road closure over ten (10) minutes. Road closure requests are required 5 days in advance of closure. (Should an unscheduled closure occur, the site supervisor, or alternate, will immediately notify the Superintendent of Public Works at the Village Office at 604-937-4100.).

Reason for closure(s) if applicable:
