Residential Parking Permit Application

Permit No. _____
(to be assigned by administration)

PURPOSE OF RESIDENTIAL PARKING PERMITS

The Residential Parking Permit provides a long-term solution to the issues associated with transient parking occurring in residential neighbourhoods and close to high use parking areas. The Residential Parking Permit is not a guarantee that a resident will be able to park in front of their residence but does provide the resident with an opportunity to park for a longer period of time in a time-limited parking restriction area.

Criteria for Residential Parking Permits

Section 30 of Traffic and Parking Regulation Bylaw 518, 2018

- Permits are available to residents and those who have on-street parking affected by parking restrictions.
- Only vehicles driven on a daily basis are eligible for a Residential Permit.
(Boats, RVs, ATVs, trailers and stored vehicles, etc. are not eligible for a Residential Permit).
- No vehicle of a resident may remain parked on any street for a continuous period exceeding 72 hours. Residential Permits do not exempt vehicles from any section of the Traffic Bylaw, with the exception of any section dealing with overtime parking.
- Permits are available in cases where a property was developed without onsite parking. (For example, where a resident cannot park on their property due to physical restrictions to access the property).
- All exemptions are subject to review and revocation at any time without notice. The total number of permits issued per resident may not exceed two (2) as per section 30 (f) iii) of the Traffic and Parking Regulation Bylaw No. 518, 2018.
- Residents may be provided with two (2) guest parking permits which are linked to their residential parking permit number. Residents can request additional temporary parking permits for guests for special occasions/events which will be tied to address and will expire immediately after the date of the event.
