

**VILLAGE OF BELCARRA**  
**TATLOW RESERVOIR REPAIR**  
**MARCH 31, 2025**

March 27, 2025

Beginning March 31<sup>st</sup> at 7:00 am the Tatlow Reservoir will be drained to repair its interior lining and will remain out of service for up to one week (7 days) while the work is being conducted.

Potable water will continue to be supplied to residents as the reservoir will be bypassed from the distribution system allowing residents the continued use of household water.

**Water conservation measures will apply from March 31<sup>st</sup> to April 6, 2025**

Restrictions include:

- No vehicle washing
- No filling pools or hot tubs
- No watering gardens or lawns
- Reduce shower time

**Fire Safety Precautions**

Hydrants will be out of service while conducting repair work on Tatlow Reservoir. Staff are working directly with Sasamat Fire Department in planning and implementing fire safety measures.

Residents should review fire safety tips and practices including:

- Ensuring smoke alarms are functional
- Fire extinguishers are accessible and in functional order
- Electrical safety around heaters and other electrical appliances
- Candles, Lighters, Matches
- Kitchen fire safety
- BBQ safe practices

Please call the office at 604-937-4100 if you have any questions.

Thank you,

Stewart Novak  
Manager, Municipal Services
